Don't let yourself get downhearted. The beginning of creating your digital learning tools can be hard. Your podcast may not sound good. Maybe your explainer video doesn't have a story. So, remember your success and let yourself glow to stay motivated.

What are you proud of?

What difficulties did you overcome?

What did you get better at?

Get inspired
about what you
can learn.

Think of the next steps. Talk to colleagues and see online what are new developments. Ask yourself how you want to grow.

What is something you want to get better at?

What do you want to work on?

How do you want to improve?

What is your new goal?

You can find out more about our KA2 Erasmus+ Project P.L.A.N., including our meetings and achievements. In this project, we tackle the challenge of digital transformation in schools.

Using agile methods such as Scrum and Design Thinking, we develop our own digital learning tools to learn how they work and how to teach them.

Visit our website for more information. You can find the link in the channel.
